

Download The Liberator 3 D Printed Gun What You Need To Know

The Liberator is a physibile, 3D-printable single shot handgun, the first such printable firearm design made widely available online. The open source firm Defense Distributed designed the gun and released the plans on the Internet on May 6, 2013. When Cody Wilson and his company Defense Distributed released 3D printable files for the Liberator gun online back in 2013, an entirely new side of the debate over gun regulation began. 3D printed ...The lead section of this article may need to be rewritten.
