Contact Us. Contact Information: Elizabeth Carson, Co-Founder and Executive Director, NYC HOLD. Email: nycholdnational@gmail.com We welcome questions, comments, news, information and research on K-12 mathematics education reform and advocacy. A multiplication algorithm is an algorithm (or method) to multiply two numbers. Depending on the size of the numbers, different algorithms are in use. New Learning and Thinking Curricula Require Collaboration. In Guidebook 1, we explored a "new" vision of learning and suggested four characteristics of successful learners: They are knowledgeable, self-determined strategic, and empathetic thinkers.
